School Committee members shall comply with the following guidelines when using e-mail in the conduct of School Committee responsibilities:

- A. The Lisbon School Committee shall not use e-mail as a substitute for deliberations at School Committee meetings or for other communications or business properly confined to School Committee meetings.
- B. School Committee members should be aware that e-mail and e-mail attachments received or prepared for use in board business or containing information relating to board business are likely to be regarded as public records which may be inspected by any person upon request, unless otherwise made confidential by law.
- C. School Committee members should avoid reference to confidential information about employees, students or other matters in e-mail communications because of the risk of improper disclosure. School Committee members should comply with the same standards as school employees with regard to confidential information.
