

SUPERVISION AND EVALUATION OF PROFESSIONAL STAFF

A well-planned and systematic program of supervision and evaluation of performance tied to educational outcomes is vital to the ongoing improvements of the instructional program. It is incumbent upon the Lisbon School Committee to ensure that sufficient administrative time and energy are expended to supervise (observe and assist) and evaluate (measure and assess) teachers. The evaluation program shall address all aspects of teaching performance and recognize that the fulfillment of student needs is of primary importance.

The Superintendent shall be responsible for development, implementation and periodic review of a comprehensive program of supervision and evaluation. The program shall provide for minimum standards for the number and frequency of formal performance reviews, with the understanding that probationary teachers require closer support and more frequent performance reviews.

- A. Evaluative criteria shall be in written form and made permanently available to the teacher.
- B. Evaluations shall be made by persons designated by the Superintendent or his/her representatives.
- C. Results of the evaluations shall be put in writing and shall be discussed with the teacher.
- D. The teacher being evaluated shall have the right to attach a memorandum to the written evaluation.
- E. Results of all evaluations shall be kept in confidential personnel files maintained at the Superintendent's office.

In accordance with Maine's Educator Effectiveness law (20-A MRSA § 13701-13706), by the end of the 2015-2016 school year, the school unit will have developed and piloted a performance evaluation and growth system, consistent with the requirements of applicable Department of Education rules, for full implementation in the 2016-2017 school year.

The performance evaluation and growth system must be approved by the Lisbon School Committee.

The Lisbon School Committee intends to seek and maintain the best-qualified staff to provide quality education for students. In keeping with this, all personnel are expected to participate fully in the appraisal process, self-appraisal and continuous improvement of professional skills.

While supervision and evaluation policies and procedures are not negotiable in collective bargaining, the Superintendent is to seek appropriate involvement of staff in the development and periodic review of the supervision and evaluation program.
